F. W. MITCHELL,
Postmaster General.

General Post Office,
Hongkong, May 15, 1888.

It is hereby notified for general information that henceforward Book Packets and Packets of Samples or Patterns may be transmitted by the Post in the Mails by the British Contract Packets between Hongkong, Shanghai, Yokohama, and Nagasaki, at the following rates, viz:—

FOR A BOOK PACKET, OR A PACKET OF PATTERNS.

Under 4 ounces and not exceeding 8 ounces, 12 "

Above 8 ounces and not exceeding 12 ounces, 18 "

Above 12 ounces and not exceeding 16 ounces, 24 "

For every additional 4 ozs., 6 "

The Postage must in all cases be paid in advance.

Special attention is directed to the following Rules and Regulations which will be strictly enforced:—

AS REGARDS BOOKS.

A Book Packet may contain any number of separate Books, Almanacks, Maps or Prints, and any quantity of paper, vellum or parchment (to the exclusion of letters whether sealed or open); and the Books, Maps, Paper, &c., may be either printed, written or plain, or any mixture of the three.

All legitimate binding, mounting, or covering of the same or of a portion thereof, will be allowed, whether such binding be loose or attached; a salvo (whether in the case of prints, markers (whether of paper or otherwise), in the case of Books, and in short whatever is necessary for the safe transmission of library or artistic matter or specially appertaining literature.

Every Book packet must be either without a cover, or in a cover open at the ends or sides.

It must not contain any letter, open or sealed, nor any sealed enclosure, whatever. No packet must exceed two feet in length, breadth or depth; exceeding these dimensions it cannot be forwarded through the Post.

AS REGARDS PATTERNS.

They must not be of intrinsic value. This rule excludes all articles of a saleable nature, and indeed, whatever may have a value of its own, apart from its mere use as a pattern; and the quantity of any material sent ostensibly as a pattern must not be so great that it can fairly be considered as having on this ground an intrinsic value.

There must be no writing or marks other than the address of the person for whom

Post-Office Notifications.

the packet is intended, a trade mark and numbers, and prices of the articles; otherwise the Packet will be detained, or forwarded charged as an unpaid letter.

The Patterns must be sent in covers open at the ends, so as to be easy of examination. Samples however, of seeds, drugs, and so forth, which cannot be sent in open covers, may be enclosed in bags of linen or other material, tied at the neck; bags so closed that they cannot readily be opened, even though they be transparent, must not be used for this purpose. Non-compliance with this rule will also subject the packet to be detained, or forwarded as an unpaid letter.

The Packets or the contents thereof must not contain any inclosure, sealed or otherwise closed against inspection.

In all other respects the general regulations of the Book Post will apply to the Pattern Post. Under these regulations, in order to prevent any interruption to the regular transmission of letters, a Packet of Patterns may, when it is necessary to be kept back for the following Mail by which, in the ordinary course, it would be forwarded.

The decision of the Postmaster General as to the eligibility of any Packet, pattern, or sample contained therein, to be forwarded under these regulations, will be final and conclusive.

The rule which forbids the transmission through the Post of any article likely to injure the contents of the Mail Bags or Boxes, or the person of any Officer of the Post Office is, of course, applicable to the Pattern Post; and a packet containing anything of the kind will be stopped, and not sent to its destination. Articles such as the following have been occasionally posted as Patterns and have been detained as unfit for the Post, viz: Metal boxes, porcelain and china, fruits, vegetables, bunches of flowers, cuttings of plants, spurs, knives, scissors, needles, pins, pieces of machinery, sharp pointed instruments, sharp metals, samples of ore, samples in glass bottles, pieces of glass, a variety of various kinds, curly combs, copper and steel engraving, plates and confectionery of all kinds.

HOLLOWAY'S PILLS & OINTMENT.

HOLLOWAY'S PILLS.

THIS Medicine is universally admitted to be the most efficacious remedy known to the world. No preparation is so suitable to the climates of India and China as this fine and invigorating medicine. It is particularly adapted to the constitution of European ladies, as it is never failing in its effects in all diseases peculiar to females, while those who are attenuated by the debilitating effects of the above climates will find this wonderful remedy a kind of treasure whereby they may insure a restoration to robust health.

HOLLOWAY'S OINTMENT.

The science of Medicine has never before produced any remedy that can be compared to this wonderful Ointment, as it cures after all other means have failed, all wounds, sores, ulcers, and also the most inveterate skin diseases peculiar to the climate of India and China. It is the true friend of the Soldier and Civilian, as certain old sores can be removed by it that cannot be conquered by any other treatment.
